Commissioner

July 8, 2022

The *Risk-based Closure Guide* (Nonrule Policy Document WASTE-0046-R2, or R2) is effective beginning July 8, 2022. All submittals made after July 8, 2022 need to use the *Risk-based Closure Guide*. As is true for all IDEM Nonrule Policy Documents, the *Risk-based Closure Guide* is accessible at <https://www.in.gov/idem/resources/nonrule-policies/>.

IDEM issued the 2022 Published Level Table in conjunction with *Risk-Based Closure Guide* on July 8, 2022. As before, we plan to update these tables every year. Table 1 includes several PFAS chemicals. IDEM will continue to monitor the U.S. EPA's progress as they develop regulatory screening levels for additional PFAS not currently included in the U.S. EPA Screening Level Tables.
